

# Manitoba Economic Highlights

## Economic Overview

### Real Gross Domestic Product

- Statistics Canada estimates that Manitoba's real GDP grew 2.4% in 2008 above the Canadian growth of 0.4%.
- In the 2009 Budget, the Manitoba Bureau of Statistics estimated that real GDP increased by 2.2% for 2008.
- In 2009, the Manitoba economy is forecast to outperform all provinces according to major forecasters.
- In 2010, the Manitoba economy is forecast to grow slightly below Canada's growth.

Real GDP (% Change)

### Consumer Price Index

- In the first eight months 2009, the Manitoba CPI increased 0.8% above the 0.3% national increase. Food (7.0%) has the largest increase while energy has declined 13.7%.
- In 2008, the Manitoba CPI increased 2.3%, the same as the national increase. Energy, shelter, and food were the major contributors to the increase.

- Manitoba's GDP growth was 2.4% in 2008 substantially better than the 0.4% growth for Canada.
- Manitoba real GDP growth exceeded Canadian growth from 2006 to 2008 and is forecast to outperform all provinces in 2009.
- Manitoba's population increased by 14,007 in the year ending April 1, 2009, the best performance since at least 1973.
- Manitoba is outperforming the national economy in virtually all of the major economic indicators.
- After eight months in 2009, Manitoba has the lowest youth unemployment rate.

## Labour Market

### Employment

- In the first eight months of 2009 Manitoba's employment increased by 1,200 compared to a national decrease of 251,400. Manitoba's full-time employment was up 0.5% while part-time decreased 1.1%.
- In 2008, employment increased 10,200 relative to 2007. Full-time employment was up 2.1% while part-time employment increased 0.1%.

Employment (% Change)

	2008	2009ytd
<b>Manitoba</b>		
Total Employment	1.7	0.2
Full-Time	2.1	0.5
Part-Time	0.1	-1.1
<b>Canada</b>		
Total Employment	1.5	-1.5

Note: Changes are calculated relative to the corresponding period in the previous year.

## Unemployment Rate

- In the first eight months of 2009, Manitoba's unemployment rate was 5.0%, second lowest behind Saskatchewan. The youth unemployment rate was 9.6%, lowest in Canada.
- Historically, Manitoba's unemployment rate has averaged 2 to 2.5 percentage points below Canada. In the first six months 2009, this spread has increased to above 3 points.
- In 2008, Manitoba's unemployment rate was 4.2%, third lowest among provinces and the lowest Manitoba rate in over 30 years. Manitoba's youth unemployment rate was 9.0%, fourth lowest among provinces.
- In 2008, the number of unemployed in Manitoba declined by 4.0%. This was the largest percentage decline among the provinces
- From 1998 to 2008, Manitoba had the lowest annual unemployment rate among provinces five times, and the second-lowest rate four times.

## Average Weekly Earnings

- In the first six months of 2009, average weekly earnings were up 2.5%, above Canada's increase of 1.7%.
- In 2008, average weekly earnings were up 2.7%, below the 2.8% increase nationally and tied for fifth highest among provinces.

## Population

- As of April 1, 2009, Manitoba's population stood at 1,217,163, a one-year increase of 14,007 persons. This 1.2% increase was fifth best among provinces.

## Net Migration

- In the year ending April 1, 2009, 9,288 more people moved to Manitoba than left.
- During the same period, net international immigration totaled 11,095, more than the net inter-provincial out-migration of 1,807.

## Economic Activity

### Manufacturing Sales

- In the first seven months of 2009, Manitoba manufacturing sales decreased 8.2% to \$8.7 billion. Canadian sales declined -20.8%.
- In the first seven months of 2009, three Manitoba industries increased; machinery (22.1%), chemicals (13.3%) and fabricated metals (3.2%).
- In the first seven months of 2009, nine industries have declines in the value of sales with primary metals, wood, printing and other non-durables leading the losses.
- In 2008, Manitoba's manufacturing sales increased 1.3% to \$16.4 billion, Canadian sales declined 0.7%. This was the eighth consecutive year that Manitoba's sales outperformed Canada.

### Industries with Strongest Growth in the Value of Manufacturing Sales (% Change)

	2008	2009ytd
Machinery	29.7	22.1
Chemicals	35.8	13.3
Fabricated Metals	14.2	3.2

### Farm Cash Receipts

- In the first half of 2009, Manitoba cash receipts rose 0.8% led by increased crop (5.9%) and livestock (7.0%) receipts.
- The increase in crop receipts was led by oilseeds (22.4%) and vegetables (21.3%). Hog receipts increased 23.2% to lead the livestock sector. Direct payments declined 50.8% in the first half.
- In 2008, Manitoba cash receipts rose 8.7% with a 23.8% increase in crop receipts offsetting declines in livestock (-3.2%) and direct payments (-21.9%).
- In 2008, all major crops increased led by oilseeds (34.9%) and wheat (26.8%). A 13.5% decline in hog receipts caused the decline in livestock receipts.

Note: Changes are calculated relative to the corresponding period in the previous year.

Farm Cash Receipts (% Change)		
	2008	2009ytd
Oilseeds	34.9	22.4
Wheat	26.8	(16.6)
Hogs	(13.5)	23.2
Cattle	3.3	(9.3)

- Agricultural diversification has altered the structure of the sector. In 1990, wheat accounted for 29% of farm cash receipts but by 2008 only 17.4%. The largest source of receipts was oilseeds (24.3%) followed by wheat, hogs (14.8%) and cattle (11.0%).

### Retail Sales

- In the first seven months of 2009, Manitoba retail sales declined 2.9% better than the 5.3% decline in Canada.
- The decline in 2009 retail sales is led by declines in gasoline (-15.4%), motor vehicle dealer (-12.6%) and furniture and electronics (-7.8%) sales. Pharmacies (8.2%), other stores (7.3%) and food and beverages stores (5.4%) have the largest increases.
- In 2008, Manitoba retail sales increased 7.2% above the 3.4% increase in Canada and third highest among provinces.
- In 2008, gasoline sales (15.1%), pharmacies (15.2%); furniture and appliance sales (11.5%); and hardware, garden and building supply stores (9.0%) led the growth.

### Investment

- Statistics Canada's Private and Public Investment survey from February 2009 shows that Manitoba's 2008 capital investment increased 16.7%, second highest among provinces. Canada's increase was 5.2%.
- The Survey shows that Manitoba's private investment increased 15.2% while public investment increased 20.1%.
- A number of major investment projects were undertaken in 2008, including the Winnipeg

Floodway expansion, the Wuskwatim hydro-electric dam and a new airport facility.

- In 2008, private capital investment accounts for approximately 70% of capital investment in Manitoba.
- In 2009, capital investment is projected to decrease 2.6%. Only three provinces are projected to have increases and investment in Canada will decline 5.4%.
- Private investment is projected to decrease 6.8% with only two provinces having increases and investment in Canada projected to decline 9.3%
- Manitoba public investment is projected to increase 7.0% below Canada (9.5%).

### Housing Starts

- In the first half of 2009, Manitoba housing starts decreased 32.7% better than the 43.6% national decline.
- In 2009, Manitoba single starts are down 21.6% while multiples have declined 53.3%.
- In 2008, housing starts in Manitoba decreased 3.5% to 5,537 units. Single-detached starts declined 4.3% while multiple starts were down 1.8%. Housing starts in Canada declined 7.6% with single-detached starts decreasing 21.6% while multiple starts were up 7.7%.
- The 2008 total starts in Manitoba are the second-highest level since 1987, while single and multiple housing starts are the third-highest level since 1987.
- In the first eight months of 2009 Manitoba urban housing starts declined 28.2% while Canadian starts were down 41.4%

Housing Starts (All Areas) (% Change)		
	Manitoba	Canada
2005	6.6	(3.4)
2006	6.3	0.8
2007	14.1	0.4
2008	(3.5)	(7.6)
2009ytd	(32.7)	(43.6)

Note: Changes are calculated relative to the corresponding period in the previous year.

## Building Permits

- In the first seven months of 2009, the value of Manitoba building permits decreased 5.5%. Non-residential permits rose 31.0% while residential permits decreased 21.9%. Permits in Canada declined 26.2%.
- The value of permits in Winnipeg declined 15.6% while outside of Winnipeg they increased 10.8%.
- In 2008, the value of building permits in Manitoba increased 10.6%. Non-residential permits were up 3.9% while residential permits increased 14.1%. Canada permits were down 5.3%.
- In 2008 the growth in the value of building permits was led by increases in industrial permits (48.2%), commercial (29.4%) and residential (14.1%) with residential permits exceeded \$1 billion for the first time.

## Bankruptcies

- In the first seven months of 2009, business bankruptcies decreased 37.1% in Manitoba, and declined 9.6% in Canada.
- In the first seven months of 2009, consumer bankruptcies increased 29.0% in Manitoba, and were up 38.1% in Canada.
- In 2008, business bankruptcies increased 1.0% in Manitoba, and declined 2.0% in Canada. Consumer bankruptcies decreased 0.8% in Manitoba and increased 13.5% in Canada.

## Foreign Merchandise Exports

- In first seven months of 2009, Manitoba exports decreased 14.3%, while Canadian exports were down 28.0%.
- In first seven months of 2009, Manitoba's U.S. exports decreased 14.9% while non-U.S. exports were down 13.2%.
- In 2008, Manitoba exports increased 5.2%, while Canadian exports were up 8.4%.

- In 2008, Manitoba's U.S. exports increased 6.4% while non-U.S. exports were up 2.8%.

Foreign Merchandise Exports (% Change)		
	2008	2009ytd
All Countries	5.2	(14.3)
U.S.	6.4	(14.9)
Non-U.S.	2.8	(13.2)

## Electricity Sales

- In the first seven months 2009, Manitoba electricity sales declined 7.6% led by a 37.5% decrease in export sales. Domestic sales rose 8.8%.
- In 2008, Manitoba electricity sales increased 4.2% with a 4.7% increase in domestic sales and a 3.4% increase in export sales.
- In 2008 Manitoba electricity sales were the second highest on record due in large part to a record level of domestic sales. Export sales were third highest on record due to a 45.2% increase in Canadian export sales.
